Slot Punches		
By default, all ISO cards come with slot punch marks. If you would like to have us punch holes in the cards prior to shipping, please fill out accordingly below. If you do not answer below, cards will come <b>without punches</b> by default.		
<b>Slot Punches?</b>	<b>Yes</b> Additional Fees Applicable	<b>No</b>
<b>Option A or B?</b> See below	<b>A</b>	<b>B</b>
		

NOTE: All card orders are considered custom products and cannot be canceled or returned once they are produced. By signing this order form you are agreeing to accept all orders made to specifications. Read range, the whiteness of the plastic, and slot punch marks can vary slightly. Color transfer for custom printing may be slightly off.
